

Overview

We are seeking a skilled and dedicated Diesel Mechanic to join our team. The ideal candidate will have a strong background in maintaining and repairing diesel engines, with experience in working on farm equipment, tractor-trailers, on and off road farm vehicles and various other related equipment. This role requires a detail-oriented individual who can troubleshoot mechanical issues effectively and ensure that all vehicles are operating at peak performance. Ability to transport equipment to satellite farms is a plus.

Responsibilities

- Perform routine maintenance and repairs on diesel engines and related components.
- Diagnose and troubleshoot mechanical issues on farm equipment and tractor-trailers.
- Assemble and install parts as needed to ensure optimal functionality. (ability to fabricate is a plus)
- Conduct inspections of air brake systems, hydraulics, and other critical components.
- Operate skid steers and other machinery safely while performing repairs or moving equipment.
- Maintain accurate records of repairs, maintenance schedules, and parts inventory.
- Collaborate with team members to improve repair processes and enhance service quality.
- Ensure compliance with safety regulations and standards during all work activities.
- Candidates should be equipped with a full range of automotive repair tools

Qualifications

- Proven experience as a Diesel Mechanic or similar role in a dealership or repair shop setting.
- Strong knowledge of diesel engine systems, hydraulics, and related technologies.
- Proficiency in using diagnostic tools and equipment for troubleshooting mechanical issues.
- Excellent problem-solving skills with attention to detail in all aspects of work.
- Ability to work independently as well as part of a team in a fast-paced environment.
- Valid driver's license; additional certifications related to diesel mechanics are a plus.

Join our team as a Diesel Mechanic where your skills will be valued, and you will have the opportunity to contribute to the success of our operations.
